Level 3, 354 Lambton Quay P.O. Box 101-91 Wellington, New Zealand 6011

To The House of Representatives "Reinstate the TIA"

"We, the undersigned, urgently request that the House of Representatives call on the National Government to reverse the cuts made to the provision of the Training Incentive Allowance in the 2009 Budget."

Why this petition is important:

- **The Training Incentive Allowance was an allowance granted to those on benefits who wished to up skill themselves and access higher education to increase their ability to find employment. The cuts to this allowance have shut people out of higher education and out of employment opportunities.**
- **The National Government has emphasised on numerous occasions the importance of encouraging people on benefits back into the workforce. Cutting the TIA is at odds with their stated aims.**
- **The Government consulted no one before axing the TIA - This is your chance to say that it is not okay!!**
